DATE MAILED:

**Please find below and/or attached an Office communication concerning this application or proceeding.**

**Commissioner for Patents**

The reply filed October 25, 2007 is not fully responsive to the Office action mailed June 25, 2007 because of the following omission(s) or matter(s): Applicant's response does not include separate traversal to the enablement and written description related rejections. See pages 9-10 of Applicant's response. It is unclear which arguments are directed toward issues related to enablement, and which arguments are directed toward issues related to written description. While some of the issues in the enablement and written description rejections are similar, the two rejections are distinct and Applicants should address them separately. Since the above-mentioned reply appears to be bona fide, Applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a). Any inquiry concerning this or earlier communications from the Examiner should be directed to Vinod Kumar, whose telephone number is 571-272-4445. The Examiner can normally be reached from 8:00 A.M to 5:30 P.M. If attempts to reach the Examiner by telephone are unsuccessful, the Examiner's supervisor, Anne Marie Grunberg, can be reached at 571-272-0975. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300. Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>.
